Indigestion and Dyspepsia.

Mr. R. E. Jones, buyer for Parker & Bridget, whose large department stores are located at 9th St. and Penn. Ave., Washington, D. C., writes us, under date of April 14th, 1904, as follows: Last February, one year ago, while in New York on business for my firm, I caught a severe cold which laid me up for several weeks, and left me weak and nervous. My physicans could not get at the cause. Their prescriptions did little or no good. As my appetite was poor and my food did not digest well, I decided to use Rydale's Stomach Tablets. A friend assured me they were a good dyspepsia medicine. After taking a few doses, I began to realize that I was getting better. I have used two boxes of these tablets and have gained 20 pounds and never felt better in my life, Rydale's Stomach Tablets cured me and I recommend them most heartily to sufferers from nervous indigestion and a general run down condition of the system.
